Ending Fossil Fuels

Sample Tweets:

- @COP26: Completion of the #EACOP will mark a breakthrough for #fossilfuels in Africa and reverse Uganda & Tanzania's achievement of #SDG13, the only SDG either has completed. #StopEACOP <https://www.stopeacop.net/>
- A #JustTransition to #cleanEnergy means no new #fossilfuel infrastructure. We call on #COP26 leaders to build our future, not our demise. #StopEACOP #EndFossilFinance <https://reut.rs/3q4PVWr>
- @UNEP: Nations have directed more than \$300bn of new public finance to fossil fuel activities since the start of the pandemic, more than that provided for #cleanenergy. Leaders at #COP26, it's past time for us to be better ancestors. #DefundClimateChaos <https://bit.ly/3ByMkly>
