FORUM 66

NGO CSW/NY | 50TH ANNIVERSARY

WHAT IS IT?

NGO CSW/NY organizes the civil society side portion of CSW. The NGO CSW Forum is the civil society side of CSW, which coincides with the official meetings of governments taking place at UN Headquarters. This forum features events sponsored by civil society organisations and provides an opportunity for members of civil society without UN accreditation or a UN grounds pass to engage in the process of CSW.

Over the two weeks of the UN CSW, NGO CSW/NY organizes more than 500 events that inform, engage, and inspire grassroots efforts and advocacy needed to empower women and girls.

NGO CSW FORUM CONTINUED

WHEN

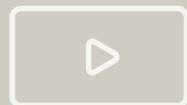

The NGO CSW66 Forum will take place from 13–25 March, kicking off with Consultation Day on the 13th.

CELEBRATING 30 YEARS OF THE LORETTO EARTH NETWORK

22 MARCH 2:00PM (NEW YORK TIME)

For three decades, both the Loretto Earth Network and Loretto at the UN have collaborated to empower women and girls in the context of escalating climate change. Along with the threat of nuclear war, the climate crisis is an existential threat to the human species and all life on Earth. Since we are a progressive Catholic community of educators, we will highlight several projects – both in our schools in the US and Pakistan – and then offer participants structured opportunities to share creative, collaborative, regenerative ideas for the future.

SOCIAL MEDIA

The following slides provide suggested messaging for social media posts, addressing emerging themes from JCoR's Global Community Hour:

- Climate & Environment
- Women's Leadership
- Women's Rights
- Gender Equality

CLIMATE & ENVIRONMENT

- [#ClimateChange](#) & environmental crises & disasters disproportionately affect [#women](#) & [#girls](#), in particular those in vulnerable & marginalized situations. We need bold, ambitious & transformative [#ClimateAction](#). We need [#ClimateActionNOW!](#) [#CSW66](#) <https://undocs.org/E/CN.6/2022/3>
- Gender inequality coupled with [#ClimateChange](#), disasters, & environmental degradation are the greatest [#SustainableDevelopment](#) challenges of our time, affecting the entire & all peoples, with disproportionate impacts on [#women](#) and [#girls](#). [#CSW66](#) <https://undocs.org/E/CN.6/2022/3>
- We must recognize the disproportionate & distinct effects of [#ClimateChange](#), environmental degradation & disasters on [#women](#) & [#girls](#), to design policies & programmes that reflect these impacts to strengthen their resilience & adaptive capacities [#CSW66](#) [#ClimateJustice](#)

- 5 ways [#ClimateChange](#) affects [#women](#) & [#girls](#).
Increased risk of:
 1. violence
 2. child marriage
 3. dropping out of school
 4. death & injury
 5. food insecurity[#ClimateActionNow](#) [#CSW66](#) Learn more:

WOMEN'S LEADERSHIP

- Women are underrepresented in all levels of environmental decision-making. However, [#women](#) and [#girls](#) are crucial in the work to achieve more effective and equitable climate outcomes. [#ClimateAction](#) [#ClimateJustice](#) [#CSW66](#) <https://www.weforum.org/agenda/2022/02/women-gender-equality-climate-change-leadership/>
- [#Women](#) leaders are key in the fight against climate change. Even with underrepresentation at all levels, women globally are leading [#ClimateAction](#) to secure a better future for all of us. <https://www.weforum.org/agenda/2022/02/women-gender-equality-climate-change-leadership/>
- We call on leadership at [#CSW66](#) to develop programmes that ensure equal representation of [#women](#) in forums and mechanisms on disaster risk reduction & [#ClimateChange](#), at the community, local, national, regional & international levels.
JCoR's statement: <https://jcor2030.org/wp-content/uploads/2022/02/N2137933.pdf>

- We stand with [@NGO_CSW_NY](#) and demand investment in gender-responsive policies & programs that prioritize [#women](#) & [#girls](#) in decision-making, implementation, & monitoring of climate mitigation & adaptation strategies at all levels [#CSW66](#) [#ClimateJustice](#) <https://ngocsw.org/wp-content/uploads/2022/01/Decision-Making-Implementation-Monitoring-Recommendation-1-.docx.pdf>

WOMEN'S RIGHTS

- **#Women** defending the land & environment fight peacefully in the frontline against **#ClimateChange**, the preservation of ecosystems & the protection of **#HumanRights**. They are facing violent campaigns that aim to silence their voices. We stand with women **#EnvironmentalDefenders**
- Women, especially indigenous & women in the global south, are leading frontline **#ClimateAction** & activism, but are underrepresented in environmental decision-making at all levels. We must ensure the right of **#women** to participate in all spaces where decisions are made! **#CSW66**
- **@UN_Women** estimates 64% of **#women** globally do not have equal land rights to men. We call on Member States at **#CSW66** to establish legislation to ban gender-based restrictions on land rights, inheritance rights, & access to financial services. JCoR's asks: <https://jcor2030.org/wp-content/uploads/2022/02/N2137933.pdf>

- At **#CSW66** we call on **#UN** Member States to promote & protect the rights of women environmental human rights defenders & ensure that violations & abuses against them are investigated & that those responsible are held accountable. **#ClimateJustice**

GENDER EQUALITY

- #GenderEquality begins with #GirlsEducation! We must invest in & fight for girls' right to education - promoting lifelong learning in science, tech, & engineering, to leverage knowledge for gender-responsive #ClimateChange adaptation & mitigation, and #DisasterRiskReduction
- As stated in #CSW66 zero draft, we must promote the equal access of #women to decent work in green & blue economic sectors, such as sustainable energy, fisheries, forestry & agroecology. Eliminate occupational segregation & discrimination. #SDG5 #SDG8
https://www.unwomen.org/sites/default/files/2022-02/CSW66%20Agreed%20Conclusions_zero%20draft_1%20February%202022.pdf
- While progress on #GenderEquality has been made, policies on planned relocation & displacement in the context of #ClimateChange & disaster are often insufficiently gender responsive. Let's advocate at #CSW66 to change this. Learn more via @Refugees brief <https://www.unhcr.org/5f21565b4.pdf>

EQUALITY
FOR
WOMEN
(AND GIRLS)

- Attempts to repair environmental degradation & adapt to climate are failing bc they do not take gender inequality & the effects on #women & #girls into account. Governments must ensure women/girls are at the heart of strategies on climate & ecology. #CSW66
