God, we see outside our own windows, in news reports, and in our own memories that there are great gaps between the cities in which we live and the cities of your Kingdom.

Inspire each one of us with your love and dedication, so that we may make use of the time and gifts that you have offered to us to renew the urban face of the Earth and to build together cities that are inclusive, safe, resilient, and sustainable.

Be our companion and guide as we work to build a true City of God.

All:

Amen.
