

**Sisters  
Rising  
Worldwide**

## Why Join the PeaceRoom?

### The Purpose

Connect Sisters from different congregations and countries to build a community to share the power of Sisters' work.

The PeaceRoom is designed to share knowledge, document work and build relationships.

### The Problem

There is no existing global database of Sisters and their work let alone one that translates into different languages. Therefore some of the most critical work being done by Sisters are not known by the masses, so there is a lack of understanding of the root causes of poverty and the path needed to change the trajectory of the world.

### The Belief

A network of Sisters working around the world sharing information and knowledge is powerful and can significantly impact those in need and change lives from one of despair to one of hope.

### The Process

-  Signing into the PeaceRoom is easy.
-  Go to [www.srw.org](http://www.srw.org) and look for "are you a Sister" on the home page.
-  By registering Sisters will have access to a map that will display Sisters, Programs, Funding Campaigns and Crisis Alerts.
-  It will also have a resource library to load articles.

### The Benefit

The PeaceRoom is a community of Sisters around the world sharing best practices, success stories and ministry needs. Sisters Rising Worldwide broadcasts the good news and needs to broaden the circle of friends and benefactors to help more Sisters eradicate poverty.

Hope rises with every story shared.

## PeaceRoom Categories

### 1. Programs

Share the work you do around the world so other Sisters may be able to benefit from your success.

### 2. Funding Campaign

Do you have a funding need for a program that is addressing root cause in your community.

### 3. Crisis

Are you facing an immediate crisis and need resources or funding.

### 4. Resource Library

Share critical information other Sisters will benefit from and hear about SRW success stories.

### 5. Chat

Communicate to Sisters around the world no matter the language.

## Current Facts

 150 Sisters in the PeaceRoom

 39 programs funded in 2022

 \$755k granted to Sisters in 2022

 Added Google Maps for ease  
Over 100 programs documented

 Over 2MS raised since SRW started

 24 crises funded

 18 countries represented  
Google Translate embedded

## Remya's Story

Like many Sisters, Remya from Odisha, India had many needs during Pandemic. She heard about SRW and the PeaceRoom from another Sister. She registered asking for support to feed her community during the crisis. Within 2 weeks we were able to meet her needs. Since then she has registered her program to document social injustices the women in her community face.

She also requested funding to educate women that do not have access to further education preparing them for self sufficiency. She serves the needs of these girls who otherwise would be taken & victimized for trafficking. Remya understands the power of the PeaceRoom and the value of connecting! Remya is a perfect example of the value of connecting on the PeaceRoom, and sharing stories and needs for the good of her community.
