**Event Sponsors:** Institute of the Blessed Virgin Mary - Loreto Generalate; The Grail

**Event Partners:** The Mary Ward Centre

## **Event Objective:**

Learn from young women and girls as they share their knowledge and experience concerning gender equality. In response to UN Sustainable Development Goal (SDG) 5 on gender equality, this webinar will examine the opportunities and barriers young women and girls experience concerning SDG 5. This webinar will examine their experiences related to policies and legislation for the promotion of gender equality and the empowerment of all women and girls at all levels, particularly applied to good health and wellbeing (SDG 3), decent work (SDG 8), life under water (SDG 14), and partnerships (SDG 17).

Event participants will hear from young women and girls from around the world who will highlight the interconnections between these goals. Through panel presentations and interactive engagement, participants will gain knowledge, understanding, and the capacity to act towards achieving SDG 5 locally and globally.

This side event aligns with other key global commitments on gender equality, including the Beijing Declaration and Platform for Action, and outcomes from the Commission on the Status of Women (CSW).

## **Background**

As we mark the 30th anniversary of the Beijing Declaration and Platform for Action (1995), the global community has made significant strides toward gender equality. However, challenges remain—particularly for girls, who continue to face barriers in accessing education, healthcare, protection from violence, and opportunities for leadership.
