

80TH SESSION OF THE  
**UNITED NATIONS  
GENERAL ASSEMBLY**

Better together: 80 years and more for peace,  
development and human rights

22-30 September 2025

# Justice Coalition of Religious

This guide was produced by the [Justice Coalition of Religious](#) (JCoR), a coalition of 24 non-governmental organizations that are accredited to collectively represent over 200 congregations of Roman Catholic women and men Religious at the United Nations (UN). Congregations of Religious sustain the long-standing tradition of serving people who experience the marginalisation, oppression, and vulnerability resulting from unjust global systems. At the grassroots, Sisters, Brothers, priests, and their mission partners are leaders in the provision of essential services. While these efforts offer vital temporary assistance, our common home cries out for lasting global transformation, a transformation that requires addressing the root causes of human and environmental suffering. We are thereby called to the work of advocacy.

JCoR coordinates the efforts of Religious and their ministry partners - across more than 100 countries - in pursuit of our common mission: ***To facilitate collaboration among members and partners of Catholic Religious congregations working at the grassroots and at the United Nations in order to: (1) strengthen one another's capacity for advocacy and (2) advocate collectively for social, economic, and environmental justice and peace in international, regional, and national fora.***

Guided by Catholic Social Teaching and the Universal Human Rights Framework, JCoR envisions a just and peaceful world where the dignity of every person, particularly the most marginalized, and the sanctity of all creation are upheld. In this world, all people can fully participate in the social, economic, political, and cultural life of society, working together to foster the common good. We strive to realise this future world by coordinating the efforts of Religious to call on political leaders to take action for a just, equitable, and rights-based implementation of the [Sustainable Development Goals](#) (SDGs), the United Nations' Agenda for 2015-2030.

We hope these pages will help empower you join us in this mission!

# What is it?

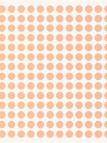

The **United Nations General Assembly** (UNGA) is the main policy-making body of the **United Nations** (UN), composed of representatives from each of the 193 UN Member States. It serves as a platform for discussion of specific issues that culminate in the voting on and adoption of resolutions.

The UNGA annual session commences in September of each year, welcoming heads of state and government to the UN Headquarters in New York. This year marks the **80th session of the UNGA** (UNGA80), which officially opens on Tuesday, 9 September, and the most prominent meetings of the opening of the General Assembly take place during **High-Level Week**, which runs from 22-27 September. During this time, world leaders, policymakers, experts, and other stakeholders gather to confront another year of complex issues and challenges. The conversations that transpire in this space will shape policy for the future.

A central component of High-Level Week is the **General Debate**. The General Debate provides a space for leaders from UN Member States to speak in front of the entire General Assembly. Heads of state and government take turns delivering statements and addressing topics of significance in front of a world audience.

The theme of UNGA80 is "*Better together: 80 years and more for peace, development and human rights.*" Accordingly, the opening of this annual session presents an opportunity, at a critical global moment, for world leaders to come together and **renew their commitment to global cooperation, solidarity, and collective action for both people and planet.**
